VICE DISCLOSURES PROMISED

CHARGES OF BOOTLEGGING AND CROOKED CRAP GAME

Claiming that he was made drunk on bootleg booze sold in the place of I. Meighan in Twenty-third street, near Market and that crooked dice were employed to win two hundred and fifty dollars from him, C. Warren operating a cigar stand in Macdonald avenue, near Twenty-third street will defend the charge brought against him of drawing a check for \$100 on the First National Bank when he had not sufficient funds to cover it.

The warrant was issued from the court of Justice of the Peace John Roth, on the complaint of Meighan Warren was arrested yesterday and released on \$1000 bail which he deposited in Liberty bonds.

Claims Boze Used
"They made me as drunk as a lord," said Warren to the Record-Herald last night. "I lost two hundred and fifty dollars. Everybody in the game went home broke. The gambling was carried on all night on Saturday, February 12. The house got all the money," continued Warren.

"Where did you get your booze?" asked the Record-Herald. "I bought it at Meighan's place," said Warren. **Dice Switched, Warren Says**
"They switched the dice on me," said the cigar dealer. "In addition to the two hundred and fifty in cash that they cleaned me of, I gave them checks amounting to \$521." Warren concluded.

Meighan Won't Talk
Meighan declined to give any particulars touching the checks or anything in connection with the deal.

In response to inquiry as to whether the check which is what the lawyers call the res gestae was given for merchandise or for services rendered, this paper was referred to Meighan's lawyer.

Warren stated to the Record-Herald that crap games had been frequently conducted at Meighan's place.

The place conducted by Meighan is what formerly was known as O'Neill's Corner.

Place near Country Inn
Curiously enough, the place where the gang is alleged to have called for Big Dick and Phoebe and naturals in an all night seance is only about seven blocks from the Country Inn.

Warren is represented by Attorney Hiram E. Jacobs.

The trial has not been set.

Attract Federal Notice

The outcome will be watched with interest not only by the friends of good government in Richmond, but is expected to attract the notice and the presence of federal enforcement officers, in view of the nature of the defense indicated by Warren.

Protestants Join In Missionary Meeting Today

There will be a joint meeting at 2:30 this afternoon in the parlors of the First Christian church of the missionary societies of all Protestant churches in Richmond.

Important matters of policy and procedure are scheduled to come on for disposition.

Wielder of Cleaver to be Sentenced

Herbert Asbury, an employee on the Santa Fe ferry San Pedro, appeared in court yesterday morning, and the charge of assault with a deadly weapon was reduced to common assault, and Asbury then entered a plea of guilty. He will appear in court this morning for sentence.

From the story told the police John Danhardt wanted to wash a mustard jar in the sink in the kitchen to which Asbury objected. A row followed, resulting, so Danhardt claims that Asbury grabbed a meat cleaver and cut him badly. It took the doctors quite a time to sew up Danhardt and fix him in presentable shape.

Travelers Given Surprise Party by Mrs. Renwick

One of the most delightful social functions of the season took place Tuesday afternoon at 415 Virginia street when Mrs. Pearl Spencer, Mrs. Gladys Edwards and Miss Evelyn Renwick, were given a surprise party by Mrs. C. E. Renwick, president of the Ladies Auxiliary of the U. S. W. V., assisted by Mrs. E. A. Cramer.

The occasion was a farewell party to the three guests of honor who will leave next week on an extended trip of several months through Canada and on the return trip the sights of New York, and eastern cities will be taken in.

The affair was a complete surprise as it was the regular meeting date of the auxiliary and after the business session was over, the banquet room was thrown open presenting a most beautiful sight. Here delicious refreshments were served.

The banquet room was a profusion of sweet peas, pink roses and silk flags.

Before the party broke up, each of those who will make the transcontinental trip, were presented with tokens of remembrance.

Those present were Mrs. E. A. Cramer, Mrs. Florence Misner, Rose Griffin, Pearl Spencer, Mildred Hammond, Mrs. O. A. Poulsen, Gladys Edwards, Lucille Kister, Evelyn Renwick, Anna Kovac, Doris Misner, Ida Long, M. Rogers, Lillian Stanley, H. Transue, Laura Schroeder, Evelyn Edwards, Howard Transue, and Mrs. C. S. Renwick.

Young Lovers Wed in Candy Store, Berkeley

That "Love finds a way" was again demonstrated by the case of Jimmie McGinnis, a sailor on one of Uncle Sam's submarines, and attractive eighteen-year old Charlotte Turner, daughter of Mr. and Mrs. Charles Turner, of this city.

The young couple, accompanied by the girl's parents, appeared at the study of Rev. Paul Little, pastor of the Wesley M. E. church last night. They wanted to be married, but their licenses had been issued in Alameda county. Delay would not be broken.

They went to Berkeley, and there in the friendly environs of a little confectionary store in University avenue Dr. Little said the words that made them man and wife.

The couple went merrily to Oakland, and will enjoy a honeymoon. The bride is a graduate of Richmond Union High School. Her father is one of the Standard Oil Company's big family here.

LABOR TO AID CONTRACTORS ON TAMALPAIS SEARCHLIGHT

Charging that C. Overan and Frank Amesz of Richmond repudiated an agreement they had made to take over a contract as sub-contractors and that as a result he was forced to do work at Mare Island for the government at a cost of \$3,222 more than the defendants had agreed to do it for, M. K. Miller yesterday filed suit in the Superior Court asking judgment for that amount.

Miller claims he had held the contract for paving at Mare Island and that the defendants as sub-contractors agreed to do it for him. Three days later, he claims, they repudiated the agreement. The suit was filed in San Francisco but was brought here on a change of venue order.

Mrs. Cole Heads Grant P. T. A. for a Second Term

The last meeting of the season of the Grant Parent Teachers Association was held yesterday afternoon at the home of Mrs. Bert Waldorf at 424 Nineteenth street, and Mrs. K. A. Cole was re-elected as president for a second term. The association has had a most successful year, and at the opening of schools in the fall meetings will be resumed.

The other officers elected were: Mrs. V. V. Keltz, vice-president; Mrs. Bert Waldorf, secretary; recording secretary-treasurer, Mrs. Dana Spencer; auditor Mrs. Mary B. Kinnear; historian Mrs. R. L. Fuller; delegate to the federation, Mrs. Anna E. Zumwalt.

Arrangements were made for the continuance of the milk supply during the vacation period to needy children.

During the afternoon Mrs. Waldorf served refreshments to those present.

Isabel Greathouse Married in S. F. To Oakland Man

Miss Isabel Greathouse, daughter of Mr. and Mrs. Ridgley Greathouse, of Chanslor avenue and Tenth street, was married yesterday afternoon to George F. Fullerton of Oakland.

The ceremony was performed in Grace Cathedral, California and Taylor streets, San Francisco, in the presence of the immediate families only. Rev. Dr. Powell was the officiating clergyman.

The bride was attended by her sister, Miss Alice Greathouse, and the bridegroom's best man was his brother, Ralph Fullerton.

The bride was reared in Richmond. She went to school in this city, and is well known here.

The couple will reside in Berkeley.

SEARCHLIGHT ON TAMALPAIS SKINES FIRST JULY FOURTH

Richmond and San Pablo Bay will shine brightly after July 4, with the world's largest searchlight to be in on Mt. Tamalpais by the Big Boost campaign group in which the Chamber of Commerce of this city has much interest. The searchlight supplied by the Western Electric Company carries two and one half million candle power, and will throw a distinct ray a distance of forty miles. It has cost \$16,000 installed, and the service is furnished by the Mt. Tamalpais Railway.

Announcement yesterday is to the effect that the gigantic light is now in San Francisco, and a big demonstration will be put on there very soon to herald the searchlight as the opening gun of the Big Boost campaign.

The plan at present is to install the light and have it in use on July 4, at which time the Pacific Fleet is expected to arrive in San Francisco Bay. The light will be kept in continuous use for guidance of ships at sea and for attracting attention to all points of interest in San Francisco Bay.

Incidentally, the first introduction of the big project occurred at San Rafael when Secretary Wallace of the Richmond Chamber of Commerce spoke before the Chamber of Commerce at Hotel Rafael. Wallace had been informed of the possibility of getting the light and had proposed its installation on Mt. Tamalpais. Subsequently the project was taken over by the Big Boost campaign committee and is now featured at its leading element in opening the campaign, as well as exploiting the San Francisco Bay to the world.

The Board of Supervisors of Marin County yesterday appropriated \$2000, to aid in meeting the cost of the light, and San Francisco interests have raised the balance necessary for its purchase.

Baby Boy Dies Following Fall In Boiling Water

Burns suffered when he fell into a tub of boiling water on Monday afternoon of Fred Marea, three year old son of Mr. and Mrs. Tony Marea of Eckley, on the bay shore highway.

The fatal accident occurred during the afternoon when the parents of the lad were boiling water in the back yard of their home to mix chicken feed. A large kettle of hot water had been taken from an open fire and was standing on the ground when the child, who was playing around the yard accidentally tumbled into the hot water. The parents were in another part of the yard when the accident occurred.

Maccabees Have Evening of Song; Many Visitors

Richmond Review No. 1102, W. B. A. Maccabees at their regular meeting in W. O. V. hall last night enjoyed several agreeable surprises. Nineteen members of the Alameda Review showed up and made the night gay with horns and bells.

After an interesting meeting, the following delightful program was carried out: Reading, by Mrs. Russ, of Alameda; Piano solo, by Mrs. Richardson, of Alameda; Song by Mrs. Gridley, of Alameda; Reading by Mrs. Hartley, of Alameda; Reading by Mrs. A. Patterson, of Richmond.

After the program community singing was indulged in, and delightful refreshments were served.

There were two visitors from Syracuse, New York.

SENATE PASSES THE BUCK

The Borah-Johnson contingent in the Senate, who are contending righteously and rightly, for a rigid curtailment of the crazy expenditure going on for battleships and other murderous engines, and a gradual disarmament, have lost out in the matter, the Senate "passing the buck" to President Harding, by adopting a resolution leaving all that sort of thing to his discretion. This is a smooth way to evade the issue and still be able to say to their constituents that if the President does not do something about it, it is not their fault. It is their fault, and they are a lot of political cowards, or worse, (probably worse), for not acting in this extremely important matter at once, as common sense would dictate and as their constituents desire. This means that nothing will be done about it at all, as Harding has already said that the present is not the correct time to commence disarming, or even to call a conference with the nations to discuss it and come to some rational agreement about. He thinks this because England and Japan are both building big battleships and manufacturing airplanes, cannon munition and hell's fodder. The American people are being robbed of hundreds of millions of dollars every month of their lives by this horrible and devilish war game, and it is by far the most important problem our government has to solve—more important, even than unemployment, for after a man has been blown into hamburger by a cannon ball it does not make any difference whether there is employment for him or not; he won't be there to take it. We hate to think evil of our Congressmen and Senators, but there is one fact in this connection that will intrude itself in one's thoughts: Quite a large number of them are lawyers, and in the employ, as such, of big corporations which build battleships, make munitions of war, cannon, powder, shells, uniforms, furnish food and other supplies to navies and armies, and are financially interested in seeing militarism flourish. Query—If the Congressmen or Senators, as such, receives \$7,500 or \$10,000 a year, and as corporation attorney receives five or ten times that sum, whose interest will he work for?

Why does the devil arm his imps with pitchforks? If he wants them to do a real job in excommunicating torture, why don't he equip them with dentists' boring machines?

Ain't you glad you are not a hippopotamus? If we were all hooked up with the kind of a mouth they have, and should get a trifle nervous while shaving, for instance, we'd swallow the razor, brush, mug and looking glass.

Most people get scolded only when they don't do what they ought to, but ministers, editors and alarm clocks get abused for doing their duty.

The men's clothing advertisements state that suits are now forty-five per cent off. Maybe so, but women's clothes are way ahead of all that—about 99 per cent off.

Our enemies tell us our faults, and our friends tell everybody else.

We have been reading a book by Dr. Slossen on things chemically compounded, and now we don't know whether we are an atom, a man critter or a transmogrified monkey gland, or all three in one. Did you know that all flesh is really grass, or that your head is solidified sunshine, or that memory is a kind of perfume? Well, that's what this doctor says, anyhow. When we want to get the Willies we always read something a professor or doctor has written.

HAPPY MEDIUM IS BEST

We have written so much and so strongly against the crazy policy of battleships and other armament now going to extreme that maybe folks will think we are of the Jabberwock class, but we are not. Neither are we of the Jingo class, such as William Randolph Hearst, et al, who wish war with Mexico, war with Japan and a continuation of this wild armament expenditure of hundreds of millions. A happy medium between those two classes is by far the best, the safest and the most sensible. A Jingo eats raw meat, skyrocks and T. N. T. and has pinwheels in his head. A Jabberwock is the antithesis of the Jingo; the word signifies morbidity of the brain complicated with St. Vitus dance of the jawbone. Both are bad and suggestive of the effects of home brew or bootleg tremens. Briefly, our position is that half of the millions now being spent on war preparation is too much, but that if ever any real cause should arise when this country's honor be assailed, we should fight until, like Byron's Corsair, "the blade glimmers in the last gasp of death." We long to recline under our own vine and fig tree, with none to molest us; we prefer rose pink to villainous sulphur gas hue, strawberry shortcake to hardtack, and the smiles of lovely woman to grim-visaged war. We do not carry a redwood shingle on our shoulder, nor yet a ship with a bug under it, nor trail our Prince Albert on the bosom of Mother Earth—but, like Sancho Panza, we'll allow no man to handle our face with impunity. The true American should never forget that the flag of his country represents his father's blood and his mother's tears, the honor of his home and the glory of his manhood. It is the flag of our nation, the history of our families, and was written by the sword of Liberty in letters of flame. An insult to the flag is a personal affront, a stain upon the country's escutcheon and a reflection upon our character. Fight? Sure! But only for just cause.

With all the strikes that are going on, it is a wonder the men of the government weather bureau don't also inaugurate one. That would be terrible. We'd have the awfullest weather imaginable. We'd all get washed out like Pueblo. As soon as we got in swimming the water would freeze over and we'd have to skate out. Our lawn mowers would get stalled in four feet of snow, while one town would have a cloudburst, the next one chillsblains and icicles, and right across the road everybody would get prostrated with heat. It is to be hoped the weather bureau fellows stay on the job and keep things regulated, even if they demand a raise of wages, Saturday afternoons off and double time for Sundays and holidays.

All this talk of the Hearst papers about war with Japan would give Omega Oil a pain.

Mrs. Carrie Chapman Catt favors women wearing no hats at all. Well, thunderation, why didn't she say so before Easter.

We need a law compelling hens to lay a larger egg when the price is high, and one making bakers put more filling in the pie. It's a wonder congress don't attend to it—they have passed every other kind of a law imaginable.

Wall street is alarmed at the prevailing tendency of nearly all of the lambs to hang on to their own pelts.

By all means be a soldier, and then when you are not getting shot or shooting somebody else you can dig trenches.

A Quiet Sunday In Marin County's Pastoral Places

Were you out in the Marin hills Sunday?

Did you saunter through the sylvan lanes that encircle her valleys like ribbons of moiré silk?

Did you see the sweet little gardens where bright and fragrant posies blow their delicate breath upon the genial currents that drift lazily in from the sea?

Did you hear the laughter of care-free children as they tumbled on whispering sward, or wheeled down grass-grown paths? And there was a swimming pool where red-cheeked lads and rational girls with eyes ablaze with the sheer joy of life tumbled and splashed like a school of dolphins at play.

San Quentin itself, place for derelicts and unfortunates, wore an air of peace and calm.

The officers in uniform had an air

of relaxation from hard and stoical routine, and from nearby rooms there came sounds of laughter.

The terraces that border the driveway that leads up to the grim and foreboding entrance where hope, honor and friends are shut from view, were glowing like the gardens that surround the charming chateaux, that come down to meet the sapphire waves of the Mediterranean.

In the distance Old Tamalpais, mightiest, most majestic of all the turrets of nature that rise up to touch the battlements of heaven, shone against the sky like the dome of some great cathedral.

There was peace and quiet in Marin county Sunday.

Refiners Rout Mechanics In Slow Slugging Match and Schaller Gets Two Homers

Refiners 11; Mechanics 3.
There's the story writ in figures that don't lie.

Yesterday was slugging day at the First street pasture, and the way those Refiners clouted the pill as pitched by Pinkerton was a sin and a shame.

The Refiners only used six innings to rub the noses of the Mechanics deep into the stubble and dust. But slugging was not the only thing the Refiners did to make the Mechanics look sea-sick and groggy and all in and down and out. Schaller tried to out-Babe Ruth yesterday, and connected for two homers. Zim got a three-bagger.

In the first inning, the Refiners made three of their tallies, and never did the Mechanics seem really to have a look-in.

In the fifth inning the fans got an eye full when the Refiners came up to bat. With the bases full, Zimmerman lammed the ball for a triple, and scored three of his team mates.

After this eventful incident, the grand stand and the bleachers began to empty. There was a suppressed groan from the systems of the Mechanics' partisans, and a sort of mock groan from the others by way of echo.

The Refiners outplayed their adversaries. No mistake, and while they are credited with only six "earned runs," they earned their victory.

However, it was a game that was ragged and almost rotten in spots. There was a little too much tendency to be within their technical rights in fielding, where a little snappiness would have put more edge on the rout and have given it more the semblance of a contest.

Here it is, as recorded from the cage where sit the scorer and the reporter:

1st Inning

Paulino went out on a grounder to Autry. Humphreys followed the same route, and Schwake was blanked on a grounder to Autry. Mechanics 0.

Childs first man up for the Refiners, was given a pass, and advanced to second when Pinkerton walked. Bartram, Steen went out on a grounder to Topaz. Cleek, Schaller hit the apple for a homer, bringing in Childs and Bartram. Autry's sizzling low fly to right field was fielded by Schwake. O'Conner singled, but the side was out on Pitcher's easy grounder. Refiners 3.

2d Inning

Following an ovation from the grand stand and the bleachers, Roberts celebrated his return to the game by nicking the cube for three sacks. Chamberlain was out on a grounder to Zimmerman to Autry. Cleek flew out to Schaller, and Roberts beat the throw in home. And the side retired on Topaz's grounder Zimmerman to Autry. Mechanics 1.

Zimmerman got a two-bagger and went to third when Duncan got a

scratch hit. Duncan was caught out at second base on Robert's whippy throw. Topaz covering the second sack. Childs went out on a grounder. Topaz to Cleek, but Zim scored. Steen went out on a grounder. Humphreys to Cleek. Refiners 1.

3rd Inning

Tandy was out in a jiffy on a grounder. Zimmerman to Autry. Pinkerton walked, and went to second on a wild throw Pitcher to first. Paulino struck out. Humphreys walked. Schwake connected for a double, scoring Pinkerton and Humphreys. And the side retired on Roberts' grounder. Childs to Autry. Mechanics 2.

Steen was out on a grounder to Topaz. Cleek, Schaller advanced to second. O'Conner soaked the ball for a double, scoring Schaller. Autry went home on a passed ball to Roberts. O'Conner advancing to third. Pitcher went to first on a scratch, and was out trying to steal second. Zimmerman flew out to right field. Refiners 2.

4th Inning

Chamberlain was out on a grounder to Autry. O'Conner, the latter covering first. Cleek flew out to Autry. Topaz flew out to Bartram. Mechanics 0.

Duncan struck out. Childs was out on a fly to Topaz. Bartram struck out. Refiners 0.

5th Inning

Tandy struck out. Pinkerton walked and went to second base on a passed ball to the catcher, and to third base on another passed ball. Paulino went out on a grounder. Bartram to Autry. Humphreys walked, and went to second base on a passed ball. Schwake's big chance came here, but he flew out to Schaller. Mechanics 0.

Steen got a single. Schaller walked, and Autry singled. O'Conner, with the bases full, flew out to Schwake, and Bill Steen on third didn't budge. Schwake made a perfect peg to the home plate. Wise Bill Steen. Then Pitcher broke the hopes of the base runners by striking out. However, Zimmerman lined the ball out for three bags, and Steen, Schaller and Autry galloped in. Duncan struck out. Refiners 3.

6th Inning

Roberts flew out to Steen. Chamberlain went out on a grounder, and Cleek flew out to Autry. Refiners 0. Childs hit the ball for a grounder to Topaz. And the Mechanics' short stop threw the ball too high for Cleek to get it. Childs was safe on first. Childs stole second, and went to third base on Steen's grounder (fielder's choice). Steen going out to Schaller for the second time knocked in a high homer, bringing in Childs. Autry walked, and went to second on Pitcher's grounder. O'Conner got a single, but was caught out at second. Refiners 2.

7th Inning

Topaz was out on a fly. Tandy followed with a grounder. Zimmerman

to Autry, and when Pinkerton flew out to Schaller the game was over. Mechanics 0.

Passion Flower

Film Attraction

At the Richmond

Natalie Talmadge has appeared frequently during the past year in the productions of her sisters, but for the first time in her screen career is she seen as a rival of Norma in the latter's new Associated First National starring vehicle, "The Passion Flower," which comes to the Richmond Theater today.

In this production, which is adapted from Jacinto Benavente's fascinating tale of Castilian peasant life, Norma has the role of the lovely Acacia, the betrothed of the handsome Norbert. A most dramatic situation arises when Norbert, fearing the threats of Acacia's jealous stepfather, deliberately jilts her by dancing.

The girl with whom Norbert dances is portrayed by Natalie Talmadge. Pathe news and a Harold Lloyd comedy complete the bill.

MOOSE DRUM CORPS TO GIVE DANCE AT PINOLE

Saturday evening at Pinole the fifth annual dance of the Richmond Moose Drum corps will be held. It will be an all night affair and supper will be served during the evening.

Sanitary District May be Formed San Pablo Section

The residents of north Richmond and the San Pablo section who are outside of the limits of the city of Richmond are badly in need of sewer connections, and a movement is under way to form a sanitary district.

If an election is called and the district formed and a sanitary board elected, a second election will very likely be held, for the purpose of voting on bonds to install a modern main sewer system in the territory to be embraced.

G. G. Council Jr. O. U. A. M. Have Meeting

Golden Gate Council No. 3, Junior O. U. A. M. met last night at Pythian Castle for the transaction of routine business.

A prominent visitor was present in the person of H. A. Strowbridge, of Custer Council No. 22, of Oakland.

On next Wednesday evening at 7:45 there will be a meeting when special business of importance will be transacted.

RED CROWN GASOLINE

Through the heart of the Cascades

ON the motor road from Seattle to Tacoma and the East, the motorist passes through many points of unusual scenic interest.

Lake Keechelus is one of these. It is over six miles in length, having the appearance of a great river, and is situated at an elevation of 3,000 feet in the very heart of the Cascade range.

Motorists will find this region a most enchanting country dotted with beautiful lakes and mountains and huge fir, spruce and cedar trees measuring in some instances six to eight feet in diameter.

And all along the route the motorist can get Red Crown Gasoline—the all-refinery motor fuel that insures quick starting, rapid acceleration and more power.

Look for the Red Crown sign.

RECORD-HERALD GIVES FIRST LIST OF BATTING AVERAGES

The Record-Herald is glad to be able to give to the baseball fans of Richmond a table showing how they are hitting in the Twilight League.

Pierre is at the top of the list, with a per centage of seven hundred, being a lead of two hundred over the runner-up, Gordon.

Nelson, spectacular star in two recent games, shows up with .429. He is credited with one home run. The other homers were by Schaller, Steen, Autry and Pitcher.

The table is accurate.

Averages below .200 are not published.

The table is made available through the courtesy of Official Scorer J. W. Dietrich, who compiled it, and is up to June 1.

THROAT TROUBLE CURED

Oakland, Nov. 1, 1920. To whom it May Concern:

I suffered from throat trouble for 15 years; during which time I could neither eat nor swallow without pain. I became very weak and was unable to work for months. I had numerous doctors and then tried a Throat specialist, who told me that my trouble was due to the blood. He advised me to take blood medicine. Thereupon my brother, who had been cured of Stomach Trouble by the FONG WAN HERBS, urged me to try them. After drinking the herbs for 15 weeks, I felt entirely well. I have since gained 25 pounds. It is 10 months since I took the herbs, and I am now giving this testimonial to let the public know that any sufferer should try the FONG WAN HERBS. I am a watchman for the California Food Specialties Co.

Diablo Festival Will Attract Richmondites

Plans are being made for a Richmond delegation to attend the festivities on Mt. Diablo June 19 when the park will be formally dedicated to the public. The Chamber of Commerce directors acting upon a suggestion of the secretary, passed urgent resolutions which were sent to Governor Stephens, endorsing the Sharkey Bill and appealing for its ultimate adoption through the Governor's signature. It is now the intention to attend and enjoy the exercises carried out by the Mt. Diablo Native Sons. Assemblyman J. N. Long gave material aid in putting the Sharkey Bill through the Assembly, and providing the appropriation of \$2500 to meet expenses of improvements. Governor Stephens will appoint a commission of five members to make the expenditures as they may determine. These commissioners will serve without pay. The Chamber of Commerce has suggested Assemblyman Lang and Senator Sharkey as members of the commission.

THINKS A LA CHOP SUEY
We sympathize with the underdog, but won't bet on him.

One can marry for love or money, and still get fooled. Owing to shortage of paper, finger prints are taken instead of footprints.

Living prices are still being cut, but mostly with a safety razor. Do some men a favor and they will come back for another.

The reason the consumer don't buy is because he has been squeezed dry.

The change is no longer placed in the spilled beer on the bar. The Bellhops' Union is striking for more and higher tips.

Does the tooth keep on aching after the dentist gets it? Betting is wrong, because that is the way we generally bet.

Nature leaves a lot of work for the dressmakers to finish. The man who can make a girl blush now is a wonder.

The Home-Staying Dollar

Is the dollar that counts in the long run. It's the dollar that eventually "comes back." If Jones buys a suit of clothes from Smith and Smith buys a pair of shoes from Jones the dollars involved in the transaction stay in Richmond and both Jones and Smith make a profit.

If, however, Jones buys his suit in some other town and Smith goes elsewhere to buy his shoes, both Jones and Smith lose a profit and the money each spends may never come back to Richmond.

Too many Richmond people buy suits and shoes—and many other necessities—in other cities. Richmond is a prosperous community to be sure, but not nearly so prosperous as it would be if we all remembered that the home-staying dollar.
